In celebration of her 20 years in the temporary employment business, **Joanne Grady**, founder of **Abbott Personnel Consulting Services Inc.** in Boston, is giving a portion of her fee to the charity of choice of each of her clients this year.

“We are donating so far a total of **\$35,000** to 35 different charities,” said Grady, “including the Massachusetts **Alliance on Teen Pregnancy, Shelter, Inc.**, and Pearson Education.” (Pearson funds **Jumpstart**, which organizes a reading program for city children and trains people to become teachers in urban districts.)

In the past, Grady has provided local homeless shelters with employment counseling and has collected business clothing for the homeless.
